In addition to that, it is also quite important for all the people who are interested in exploring this particular aspect of astrology. So, without further delay, let's get into our discussion of this horoscope.

Introduction to the Scorpio star sign

Here, we will be providing a detailed overview of this star sign. This will help us in developing a clear concept regarding the topic, "**single scorpio love horoscope**". It is appropriate to say that this is one of the most misunderstood signs of the zodiac. This is because of the fact that the people who have this star sign have incredible passion and power, and hence Scorpio is often mistaken for a fire sign. It is actually a water sign that derives its strength from the psychic, emotional realm. Scorpio is extremely clairvoyant and intuitive like the fellow water signs, Cancer and Pisces. A unique feature of this star sign is its distinctive venomous sting. They lie in wait and strike when least expected. In other words, their behavior is very similar to their celestial spirit animal, the scorpion. It is appropriate to say that life is a game of chess for these calculating water signs. They are constantly plotting several steps ahead of their opponents in order to orchestrate an eventual checkmate. This doesn't mean that their intentions are always bad. They simply know what they want and are brave enough to work hard and play the long game to get it.

Single scorpio love horoscope
